

At Watson Desking, we have an obligation to serve our customers without sacrificing the environment. This dedication to stewardship is present in every facet of the business. By partnering with local and sustainable suppliers, Watson delivers quality furniture with well-thought design and low environmental impact. This approach to practical environmentalism creates a product that is high in recycled content and, in turn, may be recycled again. Located in the Pacific Northwest, Watson is a leading manufacturer of European-inspired office furnishings serving customers with a unique, stylish offering of modular, freestanding and height-adjustable furniture. The Watson products include furnishings for the private office and open plan area, as well as conference and learning environments. Watson's 50 year heritage and advanced business approach are united by a strong set of core values that guide every aspect of its operation.

# hello ZO™

Now, planning a modern office environment that frees individuals and teams to interact in new and dynamic ways is as simple as a credenza, a stacker and a desk.

Meet the credenza-based alternative to conventional office systems, ZO is a comprehensive line of agile storage that supports the demands of today's nomadic workforce. ZO adapts to work by efficiently organizing people, spaces and tasks.

## **Begin with a ZO Low or High Credenza, then build up.**

The ZO Credenza is available in 2 heights and 9 widths, offering a smart array of choices in drawer, door, open, non-handed and dual-facing cabinets. Built upon a dimensional design logic of freestanding components, ZO can live within and outside traditional panel systems. The low (20") and high (26") residential silhouettes support sitting, perching and impromptu collaboration.

### **Add a ZO Stacker to define user space and increase storage density.**

The ZO Stacker is a nimble storage family that adds unique functionality and capacity to the ZO Credenza. Designed to slide (without tools) atop the credenza, the ZO Stacker turns a heads-down workspace into a collaborative one with a single movement. Open-cell ZO Stackers provide vistas allowing daylight to penetrate the workspace. Available in 3 heights and 4 widths, the ZO Stacker is a storage powerhouse offering the same capacity as a traditional wardrobe/overhead combination.

SEVEN™

FUSION™

**ZO is fully compatible with Watson Desking's SEVEN, FUSION, M2 and MIRO freestanding desk lines.**

Use ZO Credenzas and ZO Stackers with Watson user-preferred and space efficient desk shapes to create open plans and private offices that are simple to configure. Just a few freestanding components make it possible to design spaces that suit the needs of both individuals and teams.

M2™

MIRO™

**6' x 8' Configuration:**  
SEVEN Extended Corner, ZO Low Credenza, ZO Side Access/Open Stacker, ZO Dot, FRAMES Panels

**Finishes:**  
Tuscan Walnut, White Linen, White Aluminum

## ZO + SEVEN

Together, ZO + SEVEN create a compelling solution for the non-handed and reconfigurable open plan. The ZO Credenza and ZO Stacker logic preserves SEVEN's height adjustable range and ergonomic flexibility. SEVEN surfaces flip to go from right-hand to left, and symmetrical and open-faced ZO components serve as non-handed counterparts. SEVEN + ZO impart a clean, minimal aesthetic relevant to today's modern interiors.

Simply flip the surface and the left hand becomes the right and vice-versa.

**6' x 8' Configuration:**  
SEVEN Inset Desk, ZO High Credenza, ZO Open Stacker, FRAMES Panels

**Finishes:**  
Fine Sycamore, White Linen, White Aluminum

## **As the nature of work changes, so should the furniture.**

Provide facility managers flexibility with ZO storage + SEVEN desks + FRAMES panels (power, voice and data delivery). Freestanding furniture and reconfigurable space dividing panels adapt to meet the needs of a diverse workforce, while reducing overall complexity and cost of ownership.

ZO storage includes symmetrical credenzas and stackers to address the non-handed open plan.

**6' x 7.5' Configuration:**

FUSION Extended Corner, ZO High Credenza, ZO Open Stacker, Seiri Screen, ZO Pad, FRAMES Panels

**Finishes:**

Fine Sycamore, Charcoal, White Aluminum, Anchorage Onyx

## ZO + FUSION

ZO storage + FUSION organic shapes energize teamwork. Agile office environments benefit from the blending of FUSION height adjustable desks with ZO Credenzas and ZO Stackers. Facilities can be rapidly reconfigured to expand and contract as workforce demands change.

**6' x 9' Configuration:**

FUSION Extended Corner, ZO Low Credenza, ZO Closed Stacker, ZO Dot

**Finishes:**

Tuscan Walnut, White Linen, White Aluminum

**Conferencing Configuration:**

FUSION Elektra Table, ZO High Credenzas, ZO Wardrobe and Open Stackers

**Finishes:**

River Cherry, White Linen, White Aluminum

Invigorate the open plan with FUSION's array of height-adjustable bases available in fixed, pin and crank options.

**6' x 8' Configuration:**

M2 Verve, ZO Pedestal, ZO File/Wardrobe Sidekick, Seiri Screen, ZO Central Storage, FRAMES Panels

**Finishes:**

Studio Teak, White Linen, Anchorage Goose

## ZO + M2

ZO + M2 create open plan neighborhoods with storage supported surfaces. The 7° surface logic of M2 shifts the user toward flat panel displays for more generous workspace. ZO is a smart storage partner offering value and flexibility to M2 environments.

ZO central storage is available in 4 heights and a variety of configurations.

**9' x 14' Private Office:**

MIRO Viga Rectangle, ZO Low Credenzas, ZO Wardrobe Stacker

**Finishes:**

Studio Teak, White Linen

## ZO + MIRO

ZO + MIRO create a high-function, polished space for the modern private office. ZO's design details complement MIRO's iconic leg profile and select surface shapes. With a collection of freestyle credenzas, wardrobe stackers and open bookcases, ZO + MIRO create productive solutions for the minimalist and the traditionalist.

**12' x 12' Private Office:**  
MIRO Extended Secondary, ZO Low and High Credenzas, ZO Side Wardrobe and Open Stackers

**Finishes:**  
Studio Teak, White Linen

Also available, MIRO Storage™ finished in powdercoated metal veneers.
